Purpose:

The National Healthcare Providers Registry (NHPR) is a comprehensive repository of registered and verified healthcare practitioners (of different system of medicines like Modern medicine, Ayurveda, Unani, Homeopathy, Siddha and Sowa-Rigpa, and Nurses) and healthcare facilities including both public and private health facilities including hospitals, clinics, diagnostic laboratories and imaging centers, pharmacies, etc.

The Ayushman Bharat Digital Mission (ABDM) empowers the NHPR to onboard healthcare professionals and healthcare facilities into India's digital health ecosystem, connecting patients to healthcare providers and vice versa with last-mile coverage. All verified healthcare professionals will be visible in the 'Search Healthcare Professional' feature on the portal, subject to their consent (for public display). This will instill trust in citizens seeking healthcare services by improving the discovery Healthcare Professionals. Healthcare

This document provides a brief overview of the roles and responsibilities of the verifiers involved in the ABDM ecosystem and its relevance for Healthcare Professionals across different systems of medicine (Modern Medicine, Ayurveda, Unani, Homeopathy, Siddha, and Sowa-Rigpa), as well as nurses.

Procedure:

Applications from healthcare professionals will be directed to the designated state or UT verifier to whom they have been assigned. The details provided by healthcare professionals on the NHPR must be verified and authenticated by the respective Councils Verifiers and State Verifiers. (in the case of government or 'both {government & private} employment of healthcare professionals).

The following categories of verifiers are responsible for the verification of the healthcare professional's application. Each role defined has a specific function to play-

1. State Council Verifiers-

This involves the relevant state council for each healthcare professional's specific system of medicine. For example, if a doctor has a registration number with the Punjab Medical Council, this council will be responsible for verifying the doctor's qualifications and registration details as submitted in the HPR application.

Roles and Responsibility of State Council Verifiers:

- o State Council verifiers are responsible for verifying the basic qualification and registration details of healthcare professionals working in Private Facilities/Organizations.
- o The State Council is responsible for creating the verifier role, which entails authenticating the application forms for their respective council.
- o Requests to create credentials for selected verifiers will be communicated via email- (abdm.texp1@nha.gov.in) to the National Health Authority, along with the details of the delegated verifiers. (Template for sharing the details of the verifier is mentioned in the [Information to Note](#))
- o Only the delegated verifiers with the necessary credentials provide by NHA will be able to verify the details of the healthcare professionals.
- o Once the necessary credentials are provided by NHA, the verifiers responsibility is to first change their password to maintain confidentiality and security.
- o The verifiers are responsible for the verification of the details of the healthcare professionals within the duration of 30 days starting from the day of application received.
- o If any queries need to be communicated regarding the application of a professional, verifiers can raise the query to the concerned professional.

- o If any discrepancies found in the application of healthcare professional the verifiers have an authority to decline the application of the professionals and stating the valid reason for declining.
- o Once the details are verified by the verifiers, healthcare professionals will receive an SMS/ Email regarding verification of the same. This will in turn change their status as verified healthcare professionals.
- o Once the details are approved by the verifiers, the details of the verified healthcare professionals will be displayed on the portal (<https://nhpr.abdm.gov.in/search/healthcareProfessional>) under the "Know Your Doctor". It is subjected to the condition that a healthcare professional has consented for displaying their details on the portal.
- o If in case, the Healthcare professional is working in the private facility, then it should be considered verified, after verification by the respective State Council.

2. State Verifiers:

The State Verifiers are responsible for verifying and authenticating the Qualification & Registration Details and Work Details filled by the healthcare professionals. Healthcare professionals working in the government sector, or both (government and private) are subject to verification of details.

a) State Government Verifiers:

Roles and Responsibility of State Government Verifiers:

- o State Government Verifiers are responsible for verifying the Qualification & Registration Details and Work Details of healthcare professionals working in government facilities/organizations.
- o Requests to create credentials for selected verifiers will be communicated via email (abdm.texp1@nha.gov.in) to the National Health Authority, along with the details of the delegated verifiers. (A template for sharing verifier details is provided in the [Information to Note](#) section.)
- o Only the delegated verifiers with the necessary credentials provided by the NHA will be able to verify the details of healthcare professionals.
- o Upon receiving credentials from the NHA, verifiers must first change their password to maintain confidentiality and security.
- o Verifiers need to verify the application of a healthcare professional within 30 days from the date the application is received.
- o If any queries arise regarding the application of a professional, verifiers can raise these queries with the concerned professional.
- o If any discrepancies are found in the application, verifiers have the authority to decline the application, stating the valid reasons for the rejection.
- o Once the details are verified, healthcare professionals will receive an SMS or email regarding the verification. This will change their status to verified healthcare professionals.
- o After approval, the details of verified healthcare professionals will be displayed on the portal (<https://nhpr.abdm.gov.in/search/healthcareProfessional>) under "Know Your Doctor," provided the healthcare professional has consented to display their details on the portal.
- o If a healthcare professional working in a government facility, or both (government and private) facility, is verified only by the State Verifier, then the healthcare professional's profile will be considered verified. The application will not require council verification.

i) District Verifier

- o District Verifier will be responsible to verify the details of the allotted district.
- o Applications routed to State Verifier will also be sent to district work verifier.
- o Either of them has to take action against the application which will be reflected in both of their systems.

b) Central verifiers:

- o Central Verifier will be responsible to verify the Qualification & Registration Details and Work Details of healthcare professionals working in central government facilities/organizations.
- o If declared facility by healthcare professional comes under central their application will be routed to the Facility Manager of that facility also for verification

National Health Authority (NHA):

Roles and Responsibility:

National Health Authority (NHA) will be responsible for monitoring the process of the verification. NHA would oversee for the following:

- o Providing access and login credentials of the verifiers
- o Keeping track on the pendency rate of the respective councils.
- o Sending reminders to the verifiers if the verification process of the applications gets delayed for more than 30 days.
- o Requesting a valid reason from the respective council for any delays and high pendency rates identified.
- o Resolving any concerns that the verifiers or councils may have regarding the portal or verification process.
- o The State Verifier and District Verifier of ABDM in each state will coordinate with state councils, appoint state verifiers as needed, and monitor them to ensure that pendency or transfers are cleared.

NHA recommends deploying at least the following number of verifiers to each State/Union Territory, categorized according to their population of healthcare professionals:

S.No.	Categorization level	List of State/UTs	No. of Council Verifiers	No. of State Verifiers
1	Category A	Andaman and Nicobar Islands, Arunachal Pradesh, Chandigarh, Goa, Ladakh, Lakshadweep, Manipur, Meghalaya, Mizoram, Nagaland, Puducherry, Sikkim, The Dadra and Nagar Haveli and Daman and Diu, Tripura	1	1
2	Category B	Assam, Chhattisgarh, Delhi, Haryana, Himachal Pradesh, Jammu and Kashmir, Jharkhand, Kerala, Punjab, Telangana, Uttarakhand	2	2
3	Category C	Andhra Pradesh, Bihar, Gujarat, Karnataka, Madhya Pradesh, Maharashtra, Odisha, Rajasthan, Tamil Nadu, Uttar Pradesh, West Bengal	3	3

Adhering to the compliance:

- o If a delay in the pendency rate is identified by the NHA or the State Mission Director of any council, they can raise their concerns, and the council is responsible for providing a valid reason to the National Health Authority or SMD.
- o The delay in the approval of application form for healthcare professionals can hinder their visibility, thus impacting their opportunity to avail benefits pertaining to HPR ID.
- o It is the State Mission Director's responsibility to monitor the pendency rate of received applications.
- o If a healthcare professional works in a private facility, verification by the respective State Council should be considered sufficient and their status will be changed to Verified.
- o If a healthcare professional works in a government facility or both government and private facilities and is verified only by a State Government Verifier, their profile is considered verified without requiring council verification.
- o Facility selection is mandatory if the healthcare professional has chosen government or both (government and private) options under the work details section.

Information to note:

- o The daily updates on the number of applications verified can be viewed on the ABDM Dashboard. To access the dashboard, click on the link: <https://dashboard.abdm.gov.in/abdm/>
- o Verifiers can check the details of the current active verifiers from the below mentioned link: -
 - Doctor- <https://nhpr.abdm.gov.in/verifier/doctor>
 - Nurse- <https://nhpr.abdm.gov.in/verifier/nurse>
- o Please contact on the email id provided: abdm.texp1@nha.gov.in if you have following concerns:
 - If your name as a verifier is not mentioned or if you want to assign a new verifier to the list, please send us an email using the template below, copying your state project coordinator.

Individual Details			Role Details					
Name	Mobile Number	Email ID	Council/ organization name	Role to be mapped (council/ work verifier)	Doctor/ Nurse	System of Medicine (Modern/Dentistry/ Ayurveda/ Homeopathy/ Unani/Sowa-Rigpa/ Siddha/ Nurse etc)	Council Name/ State Name (in case of work verifier)	Remarks

- If you want to modify or make amendments in the current verifiers delegated.
- If you have any queries related to the portal.
